Accepted writes did not change V’s join

Measured event	Attack trials
DHT accepted the forged record	**10 / 10**
Forged view recorded before V’s first request	**0 / 10**
V joined the attacker	**0 / 10**

No-forgery control: 0 / 10 targets joined A.

In 7/10 trials: V picked a peer → forged view appeared later

One reactive, single-peer policy; other strategies remain untested.
