# 2. Deadline inflation

Keep H visible, but move its deadline behind the attacker's.

**Before**

| Peer | Advertised deadline |
|---|---|
| **H** | now + 5 s |
| **A** | now + 6 s |

V would contact H

forge H's expiration

**After forged write**

| Peer | Advertised deadline |
|---|---|
| **A** | now + 6 s |
| **H** | now + 1 hour |

V may contact A

Only if V reads the changed record before choosing whom to join.

Illustrative times · H's ready flag stays True · no crafted DHT identity
